In 1997, alongside his wife Padma, Vattikuti founded the Vattikuti Foundation, a nonprofit organization focused on advancing robotic surgery and implementing social empowerment initiatives in India and the U.S. The foundation has notably contributed \$20 million each to establish the Vattikuti Urology Institute at Henry Ford Health in Detroit and the Vattikuti Digital Breast Diagnostic Center at Beaumont Health in Royal Oak. Additionally, the foundation has been instrumental in training robotic surgeons and supporting poverty alleviation programs in India.
